

Incident Status Summary (ICS-209)

1: Date 06/26/2011	2: Time 1630	3: Initial Update Final XX	4: Incident Number NC-NCS-11-071-048	5: Incident Name Juniper Road		
6: Incident Kind Wildfire (Full Suppression/Perimeter Control)		7: Start Date Time 06/19/2011 1533	8: Cause Lightning	9: Incident Commander Reid Hildreth	10: Incident Command Organization Type 2 Team	11: State- Unit NC-NCS
12: County Pender	13: Latitude and Longitude Lat: 34° 32' 40" Long: 77° 40' 23" Ownership: NC-NCS		14: Short Location Description (in reference to nearest town): 18 miles northeast of Wilmington, NC			
15: Size/Area Involved 21,536 ACRES	16: % Contained or MMA 25 Percent	17: Expected Containment Date: 08/01/2011	18: Line to Build	19: Estimated Costs to Date \$746,517	20: Declared Controlled Date: Time:	
21: Injuries this Reporting Period: 0	22: Injuries to Date: 0	23: Fatalities 0	24: Structure Information			
			Type of Structure	# Threatened	# Damaged	# Destroyed
25: Threat to Human Life/Safety: Evacuation(s) in progress ---- No evacuation(s) imminent -- Potential future threat ----- XX No likely threat -----			Residence	2,100	0	0
			Commercial Property			
			Outbuilding/Other			
26: Projected incident movement/spread 12, 24, 48, and 72 hour time frames: 12 hours: Movement to the north and northeast is possible, backing fire to the south and southwest is possible due to uncontained perimeter, heavy fuels and no barriers. 24 hours: Same 48 hours: Same 72 hours: Same						
27: Values at Risk: include communities, critical infrastructure, natural and cultural resources in 12, 24, 48 and 72 hour time frames: 12 hours: Holly Shelter Gameland wildlife habitat, residences along Highway 50 in Onslow County, timber and T&E plant species and Camp Lejeune training areas and ranges. 24 hours: same 48 hours: same 72 hours: same						
28: Critical Resource Needs (amount, type, kind and number of operational periods () in priority order in 12, 24, 48, and 72 hour time frames): 12 hours: 24 hours: 48 hours: 72 hours:						
29: Major problems and concerns (control problems, social/political/economic concerns or impacts, etc.) Relate critical resources needs identified above to the Incident Action Plan. Fuel has an extremely high organic matter component which limits moisture absorption and hinders the ability to put out the fire in this fuel type. Heavy smoke has mixed with other fires, including Pains Bay, Simmons Road and Florida impairing the air quality of areas from Raleigh to the coast.						
30: Observed Weather for Current Operational Period Peak Gusts (mph): 7 G 14 Max.		31: Fuels/Materials Involved: 4 Chaparral (6 Feet) Pocosin fuels				

Temperature: **93**
 Wind Direction: **SE** Min.
 Relative Humidity: **33**

32: Today's observed fire behavior (leave blank for non-fire events):
Short duration crown fire run due to erratic wind. Single tree torching. Smoldering ground fire in interior.

33: Significant events today (closures, evacuations, significant progress made, etc.):
Finalize Structure Protection Plan. Assess for burn in Division N north from Division F/N break to fire perimeter and initiate if conditions and safety allow. Heavy smoke in the early morning hours.

34: Forecasted Weather for next Operational Period Wind Speed (mph): 10 G 12 Temperature: 91 Wind Direction: S Relative Humidity: 52	35: Estimated Control Date and Time:	36: Projected Final Size: unk	37: Estimated Final Cost:
--	--------------------------------------	---	---------------------------

38: Actions planned for next operational period:
Continue to install presuppression lines in anticipation of burnout operations when conditions warrant. Complete direct control line on north end of fire.

39: For fire incidents, describe resistance to control in terms of:

1. Growth Potential - **High**
2. Difficulty of Terrain - **High**

40: Given the current constraints, when will the chosen management strategy succeed?
Unknown

41: Projected demobilization start date:

42: Remarks:
Heavy smoke will again impact the coastline and traffic corridors running northeast through North Carolina, particularly in the morning hours, between 0500-0900.

43: Committed Resources (Supplemental Committed Resources follow the first block)

Agency	CRW1		CRW2		HEL1	HEL2	HEL3	ENGS		DOZR		WTDR	OVHD	Camp Crews	Total Personnel
	SR	ST	SR	ST	SR	SR	SR	SR	ST	SR	ST	SR	SR		
PRI					1		1								
OTHR															
ST								4				3	163		163
USFS													4		4
Total	0	0	0	0	1	0	1	0	4	0	0	3	167	0	167

Total personnel by agency are listed in the first section of committed resources.

Agency	C215	C415	BMDR	TPL1	TPL2	TPL3	TPL4	VANS
